

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF ADELANTO**

NAME: TRINIDAD PEREZ

AGE: 48

OCCUPATION: Service Manager

I know what I want when it comes to city government:

Elected officials that are accountable, and promote business and job creation.

Being on city council, I have tried to make smart decisions that promote growth while preserving our way of life. I believe that business-friendly means able to bring job-creation industries to our city, and to a common sense to approach to planning.

As a community leader and committee volunteer, I have learned first hand that true leadership begins by listening, and second, by acting. A good city council member must be accountable and listen to the people.

On the seventh of November of 2006, please cast a vote to re-elect Trinidad Perez for city council.
